FACULTY

Muchas gracias, Senor Flege. You have led us from the first grade through high school. Sponsor of the Spanish Club, teacher and friend.

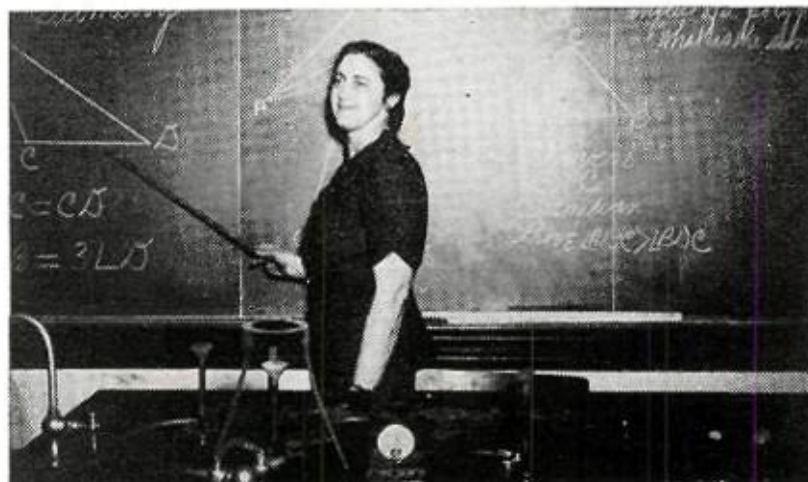

We saw Mr. Ohr in so many different places—classrooms, football field, basketball floor, History IV. (Term papers seemed to be his favorite reading matter).

Without Miss Jones we never would have made it. Always on the spot when she was needed. Commentator! Annual! Dances! Teas! Home Ec.! Pep Club!

A play! A play! To whom did we go? Miss Curtis, of course. She directed our senior play and helped us with the annual.

We appreciated Mrs. Winn's interest in us. We enjoyed Science Club. We liked Biology, too—especially the frogs and earthworms. Her classes were tops.

Miss Long came too late for us to get into her English classes. She helped us to organize Y-Teens. The girls enjoyed that.

F A C U L T Y

Without Miss Lisle we never would have had an annual. She encouraged us when the way looked hard and she helped us make the money.

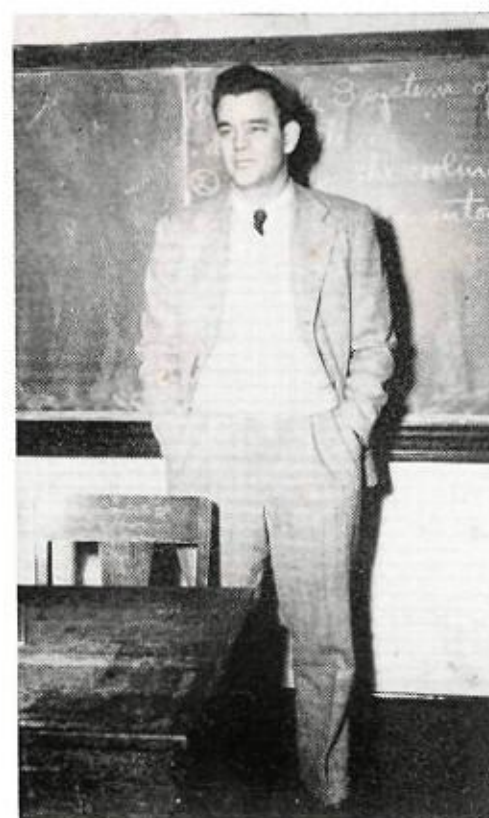

Miss Lykins saw us through Commerce with a smile. She sponsored Commerce Club and Beta Club.

Mrs. Leonard was always at her post in the library. When we needed that certain book or when we got lost in references she was ready to help.

Mr. Bonny contributed much to our school life. He directed the Band and Glee Club. He made it possible for us to enter All-State Chorus.

Mr. Lorentzson's smiles and jokes enlightened many a dull day. We think he is an all-around guy. We'll see more of him at the games.

CLASS HISTORY

In September 1943, 75 girls and boys enrolled as freshmen at Irvine High School. 52 were Irvine Junior High graduates, 13 were Ravenna Graded School students and 5 were from the elementary schools of Estill County.

Our Freshmen year of 1943-44 began with World War II well under way. Shortly after the opening of school the entire student body was asked to cooperate with the war effort by collecting scrap metal. Our class brought in the most pounds of scrap, but placed second in the contest to the seniors, due to the greater number of students in the freshmen class. This same year the faculty decided to experiment with a 5 period day which proved successful.

Our sophomore year was marked by an exciting event. Irvine's basketball team defeated Hazard on the home floor for the first time in 20 years. Later in the season the victory was repeated at Hazard. On March 18, 1945 Wanda McHargue, a member of our sophomore class, was killed in an automobile accident. Wanda had been one of our group since first grade and her death was a serious loss to all of us.

We came back to school as Juniors with the war ended. The long awaited electric scoreboard for the gym arrived. We proudly won the class basketball tourney. The Science Club was reorganized and a new activity, Commerce Club was begun. A further sign that high school conditions were slowly returning to normal was evidenced by the revival of the Junior-Senior Banquet, the first held since 1942.

Our Senior Year was the busiest year of all. Selling candy, compiling the Mirror, attending the basketball tournament, writing term papers and memorizing poems for English IV were some of the reasons our last year was so hectic.

Of the 75 original members of the class 35 are graduating. Twenty-four are from Irvine, 10 from Ravenna and 1 is from Estill County. Only the following members of the present faculty were teaching when we entered high school; Mr. Ohr, Miss Jones, Mr. Bonny, and Miss Curtis. Mr. Flege has been our superintendent throughout the 12 years we have been in school.

CLASS POEM

We set our sails in forty-three
On the good ship, I. H. S.
The voyage loomed ahead of us
Through fog, we must confess.

We were a brave and jaunty crew;
We felt we were a prize
Until the Seniors looked us o'er
And trimmed us to our size.

The Captain charted out our courses
To follow day by day
(We learned of "short-cuts", tried and true,
To speed us on our way.)

The green wore off. Aye Sophomores!
(Two Years Before the Mast)
A Junior rating then we bore
And class rings came at last.

We steered the ship through Senior Seas;
Term papers plagued us sorely;
We passed the isle of Ivanhoe
And memorized a sonnet.

We floundered on through History IV,
Through tests and games and dances—
The senior play, a banquet, too,
And sneak day and romances.

We peddled pencils, pies and pop —
Our tasks were manuel.
We risked our necks and broke our backs,
For what? An annual!

And then at last our ship drew near
The port of Graduation;
Farewell, good Captain and First Mate!
Farewell, Oh faithful teachers!

Farewell to classmates whom we love!
Farewell likewise to lessons!
Farewell ye decks of I. H. S.!
Our joy is tinged with sadness.

GRIDIRON REVIEW

LAWRENCEBURG 2, IRVINE 0

The Golden Eagles opened the 1946 grid season with a heartbreaking 2-0 loss to Lawrenceburg's Bulldogs. After making a goal line stand the Eagles allowed a pass from center to sail into the end zone. Cody Thompson was tackled before he could run the ball back.

HAZARD 6, IRVINE 0

Irvine tangled with their old rivals, the Hazard Bulldogs, on Friday the 13th and limped off the field with another tough-luck loss. After playing on even terms for the first half lightning struck the Eagles in the second. Bill Ross, Bulldog halfback, took Lindbergh Wiseman's kick on the 20 yard line and raced 80 yards for the only score of the game.

IRVINE 20, SOMERSET 7

With Cody Thompson running high, wide and handsome the Eagles romped to their first win of the season. Highlight of the game was "Muscle" Cooper's 65 yard run on the opening kick-off to set up Irvine's first touchdown. When the game was over the Eagles had a 20-7 win tucked under their belts.

IRVINE 13, WINCHESTER 12

Playing before the largest crowd ever to see a football game in Irvine, the Golden Eagles edged Winchester's powerful Shawnees 13-12. Cody Thompson and Charley Broaddus set up the first touchdown in the first

quarter. Kermit Quisenberry plunged over from the six inch line. In the second period Broaddus passed to Raymond Neikirk for a six-pointer and to David Roberts for the extra point.

IRVINE 32, MADISON 13

Coach Joe Ohr's boys travelled to Richmond expecting a hard battle from Madison but the Royal Purples easily fell by a score of 32-13. Lindbergh Wiseman, Eagle tackle, played his best game of the season and converted a Madison fumble into an Irvine touchdown. Captain Brandenburg, Darrell Cox, Cody Thompson, Muscle Cooper, and Kenneth Farley also played outstanding ball for the Eagles.

IRVINE 24, M. M. I. 12

The Eagle—M.M.I. clash featured long runs by the Eagle backs. "Little Kenny" Farley, all 135 pounds of him, took the opening kick and galloped 78 yards to pay dirt. Cooper and Thompson got off on runs of 40 and 45 yards respectively. The latter was good for a touchdown.

Traylor scored a touchdown for Irvine by snagging a pass from Broaddus. Bobby Hester and A. I. Wiseman stood out on the line for Irvine. The final score was Irvine 24, M. M. I. 12.

IRVINE 18, GEORGETOWN 6

The powerful Eagles celebrated their Homecoming by pounding out an 18-6 win over Georgetown's Buffaloes. After a blocked kick by Lindbergh Wiseman, Cody Thompson plunged over from the 2 yard line. Farley scored again in the second quarter by running off guard. Wiseman and Cox starred on the line for Irvine while Cooper and Thompson thrilled the homecoming crowd with their long runs.

VERSAILLES 12, IRVINE 0

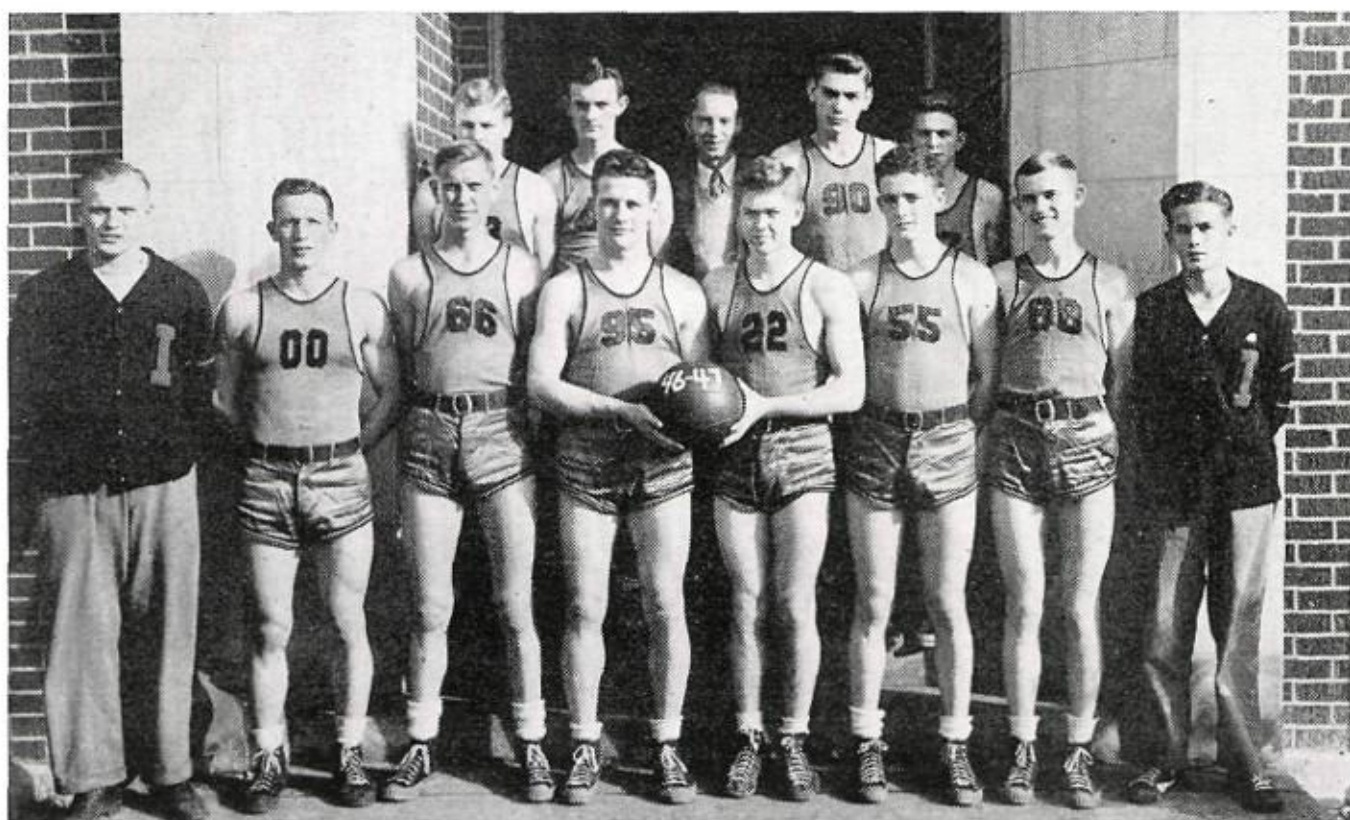

The Versailles Yellow Jackets swam to a 12-0 victory over the Eagles in a sea of mud at Versailles. The size of the 2 teams determined the outcome. The Jacket backs, being bigger, just pushed their way through the line for gains of 3 and 4 yards. There were no long gains and the water kept the Eagles from using their vaunted passing attack. A. I. Wiseman's play was outstanding for the Eagles.

BASKETBALL REVIEW

Seven lettermen and approximately 40 others reported for practice when Coach Joe Ohr issued a call for candidates for his 1946-47 basketball team.

It was a very successful season and several records were established. The season's record was 21 wins and only 8 losses. Madison and Hazard were the only teams to whip the Eagles twice. It was the first year an Irvine team had ever won 20 games. Victory No. 20 came as the Eagles lashed Winchester 36-30 and this was the first time an Irvine team had ever come out on top on the Shawnees floor. Playing their last game of the regularly scheduled season, the Golden Eagles rolled up one of the highest scores ever made by them. Jackson's Tigers being the victims of a 64-21 defeat.

In the Central Kentucky Conference, which was won by Madison High of Richmond, Irvine finished fifth in a field of 20 teams with 8 wins and 2 defeats, both by Madison. Another record was broken here as the 1946-47 squad became the first ever to win 8 conference games. The Dickinson Rating was 21.250.

The Eagles drew Kirksville in the first round of the 44th District Tournament and subdued the Blue Jays 31-28. The next night they edged out Kingston 31-29 and the next game was won by the same score, Berea High falling to Irvine in a mild upset. The fighting Eagles entered the finals as a 10 point underdog to their opponents-Madison. The Purples managed to squeeze out a 1 point victory of 24-23.

Scoring honors for the regular season were evenly divided among 6 players. Charles Broaddus was the leader with 174 points, closely followed by Guy Strong with 173. Morton Flynn was third with 149 while Roy Cooper marked up 142. Captain Norman Christopher racked up 121 and Roy Crouch had 105 when he left the team in the middle of the season.

Guy Strong received honorable mention on the Kentucky All-State Team.

I, Bob Harris Benton, will my position as president of the Senior Class to Charles Broadus. May he do as well next year as he has done this year as the president of the Junior Class.

THE PROPHECY

While roaming the streets of New York recently I saw a sign which read, "For a glimpse into the future, consult Madam Delmonica P. Rockbottom". Being extremely curious, I ventured into her studio hoping to find what the future holds for classmates of the Class of 1947.

Peering into the crystal ball I saw Bob Benton, your friend and mine, the mortician, undertaking another stiff—case. Patty Lou Smith, a secret service agent of the F. B. I. came into the morgue to inspect the murdered corpse in hopes of finding a clue to the killer. After the regular grind of business, Bob and Patty decided to enjoy a pleasant evening at Simp McConkey's Golden Feather, where one of their former classmates, Jean Cole, was billed as Jeanie, The Bubble Dancer. Much to their delight they met, upon entering, Mrs. Horatio K. Boomerang, formerly Mildred Ann Smithers, one of New York's cafe society.

The scene in the crystal changed to a small house in Greenwich Village where I saw Glynn Powell, up and coming artist, slaving over his latest creation. And lo, into his humble dwelling came a famous Powers Model, Margaret Ann Richardson, who asked that her portrait be painted, thus giving Axel his first big opportunity.

I gazed deeper into the magic orb. I saw Dorothy Cox coming out of the office of a prominent physician, Tommy Scrivner, where she had just had a very successful subcutaneous incision of a serious furunkulus. On her way home Dorothy bought the late edition of the New York Times edited by Betty Masters. She was surprised to read in the headlines that Freida Nayle had achieved fame by being the first person to jump across Grand Canyon. She also read where Billy Seale, former mailcarrier, in Ravenna, Ky., had just been appointed to fill the office of Postmaster General of the United States. She was surprised even more when she read that Wanda Durbin had achieved her life ambition, Chief Executive of the Hines Bean Corporation, thus leaving her post at Walton's Wax Works vacant.

The crystal glittered brightly with a familiar name on a marquee. Geraldine Scrivner was singing "Carmen" at the Metropolitan Opera. A bright neon sign over an impressive Fifth Avenue doorway announced to the world that Herman Wolfenbarger had replaced Arthur Murray, and was teaching dancing in a hurry.

The crystal ball focused on New York Harbor where among the passengers I saw Virgil Smith, recently appointed good-will ambassador to Lower Slobovia, and Fred Noland, another Frank Buck, on his way to Africa to "bring 'em back alive." Presently along came Betty Moore on her way to South America as a missionary.

The scene shifted to college campuses. Margaret McPherson, an assistant psychiatrist at Baylor University, is short her \$81,000,000 fortune by \$80,999,999. Kenneth Handy was teaching Engineering at Georgia Tech.

The scene shifted to a smart dress shop. Louise Shearer was fitting Mrs. Cleve Abshear, formerly Sally Smithers, with a new afternoon frock.

The range of the crystal dropped to Washington, D. C. on one of the prominent social occasions of the year. A reception was being held by Senator Sam Naive who was seeking reelection. Among the guests were Virginia Hunt, who had recently announced her candidacy as the first woman governor of Kentucky, and Gloria Jean Seale, who had been following her athletic husband, better known as Turk, on his tour of the States. The climax of the joyous occasion was when Mary Neal Wilson, wife of a prominent Philadelphia lawyer, played Spike Jones' arrangement of "Prelude in C-Sharp Minor."

The crystal ball now focused on more familiar surroundings. Near Waco on a large farm, I saw Carol Crouch and her husband. Back home, at last, in Irvine I saw Darrell Cox still slaving away for Harry and cornering a customer with this remark "I had you in mind when I bought this suit!" Clarence Miller was managing his father's music shop. Ann Sherrard, now Mrs. Pete Edwards, had presented her railroad husband with four little engineers. I saw Kermit Quisenberry, a capitalist, just returned from a tour of the U. S. inspecting his Atomic Motors factories. Gertrude Tuttle was the secretary to Vaughn Cox, President of the Pop-O Popcorn Co. In the office of Irvine High School, much to my surprise, I saw William Carhartt, new superintendent of schools, having succeeded his father-in-law.

Something was suddenly queer with the crystal ball! It spun so fast that I could only see a splotch of water, a cloud, and a mountain climber. The struggling figure was George Ann Mundy going over the Alps to fulfill her age old vow that she would swim the deepest ocean and climb the highest mountain for Billy Williams.
